About us

For over 40 years, Riverside has been Wales' leading multi-disciplinary facility management company. We provide end-to-end mechanical, electrical, and compliance services to the commercial and industrial sectors across South Wales and beyond.

Our dedicated team of engineers deliver high-quality solutions across various industries, from air conditioning and heating to plumbing and ventilation. We proudly work with major clients including South Wales Police, Tata Steel, Sony, Boeing and South, Mid and West Wales Fire and Rescue Service, driving efficiency and innovation.

Mechanical

Air Conditioning

From light commercial units to heavy-duty chillers, our comprehensive products ensure cost savings and optimal temperatures, even in extreme conditions.

Ventilation

We specialise in manufacturing and installing all types of ventilation, including ductwork, air-handling units, fans and fire dampers.

Heating

Whether you're considering renewable options like solar or ground source, or traditional systems, we'll help you find the best fit for your business.

Plumbing

We handle all your plumbing needs, from hot and cold water systems to complete upgrades, using CAD technology for precise solutions.

Steel Fabrication

We provide on-site welding and fabrication services for both custom and bulk orders, including full in-house design and CAD preparation.

Electrical

Distribution Systems

We specialise in electrical distribution, powering everything from commercial offices and manufacturing plants to retail spaces and industrial facilities.

Lighting

Expert lighting solutions, including energy-saving LED and emergency lighting, designed to help your business move towards Net Zero.

Security

From CCTV and fire alarms to advanced access control systems, we recommend and install the best solutions to keep your business safe and secure.

Data & IT Systems

We ensure your business stays online with safe, reliable broadband cabling and robust network installations, essential for all modern operations.

Compliance

Air Conditioning

F Gas Refrigeration Compliance
TM44 Inspections as per the Energy Performance Directive

Ventilation

Lev Testing Service (Local Exhaust Ventilation) HSG258 BOHS P601
Workpalce dust and fume extraction
Ductwork Hygiene Services BS&E TR/19
